

Wondering what to pack and bring to the World Scout Jamboree? The links below will give you some insight into equipment and gear that will help you to “Be Prepared” for the adventure of a lifetime.

**PACKING GUIDE**

The following packing guide has been designed specifically for the 24th World Scout Jamboree. Our US Contingent will likely publish our own packing lists for scouts, but we want to get you thinking about some of the special gear that will make your stay comfortable and enjoyable. This takes into account the local weather, climate, and programming requirements.

**WEATHER GEAR**

Rainstorms at the WSJ Site are often sudden and intense. Long periods of drizzle, although rarer, can impact the experience of scouts. You will want to be adequately prepared for rain.
